

# DRIVING WITH CONFIDENCE

## A Practical Guide to Driving with Low Vision

by **Eli Peli** (*Harvard Medical School, USA*) & **Doron Peli**

**M**illions of people, in the US and other parts of the world, face the grim prospect of losing their driving privileges, their mobility, and to a great extent their freedom, due to a deterioration in their eyesight or a disabling eye disease.

*Driving with Confidence* is an empowering tool. Its message is simple: In many cases, people with low vision can and do receive, retain and safely exercise their driving privileges.

The book presents a clear, no-nonsense discussion on the realities of low vision conditions, together with a practical program designed to help low vision individuals maximize their chances of retaining and/or extending their driving privileges. It also provides a detailed description of driving vision regulations in every state in the US.

**Contents:** Vision and Driving — Facts and Fiction; The Medical Side of Low Vision; Thinking about Driving; Getting Ready to Drive; Training for Your License; On the Road — Driving with Low Vision; If All Else Fail — How to Get Where You Want Without a Car; Conclusion; **Appendices:** Federal and State Statutes and Legislation; Information/Aid Sources; Terms You Should Know; Low Vision Driving Aids; State Vision Requirements; Bibliography; Index.

**Readership:** Visually impaired people and their families, optometrists, ophthalmologists, low vision researchers, legislators, DMV administrators and laypersons.
